# The brand

# Packed lunch – reinvented

for freedom lovers who want to

BE UNIQUE

SIMPLIFY THEIR  
EVERYDAY LIFE

TAKE CARE OF THEMSELVES  
AND THEIR ENVIRONMENT

# A company with something special

The monbento® adventure began in 2009. After getting back from a trip to Australia, Fabien, designer, came up with an innovative catering concept. This project, based on eco-design and on reusable containers led him to the bento box

The lunch box soon became an indispensable item of daily use for Emilie, physiotherapist. Despite being relevant and suitable for Western life, the bento box is still hard to find in Europe.

In face of this observation and a desire to get into business, Fabien and Emilie went into partnership to create monbento®.

## **Emilie Creuzieux**

Co-founder

Following a ten-year adventure, Emilie passed the mantle of President to Fabien so that she could seize her chance to pursue a life-long dream of becoming involved in organisations that specialise in promoting the preservation of natural habitats and in scientific research.

## **Fabien Marret**

Co-founder, designer and President.

His dual role of designer and entrepreneur led him to use design as the common thread running through all his thinking.

Fabien puts the user centre stage when developing innovative and reusable products suited to modern lifestyle and issues, which reflect the values promoted by monbento®.

A PEUGEOT FAMILY BRAND

# monbento<sup>®</sup>, a Peugeot Family Brand

Driven by its desire to take innovation further, in July 2018, monbento<sup>®</sup> joined the Peugeot family Group.

Already involved in the culinary world through Peugeot Saveurs SNC, the Peugeot family Group has, since 1810, developed products and skills that help make everyday life easier. Ingenuity, design, the French way of life, innovation, an international presence and an appreciation for the human dimension are just some of the shared aspirations that led to this alignment between monbento<sup>®</sup> and Peugeot.

After just one year of sharing and collaboration, a high level of synergy has already come to the fore. The two companies have begun to collaborate in terms of marketing, sales and manufacturing while continuing to maintain their unique identity in order to build a future full of important projects!

# Made in France, a dynamic movement

“As a French company, it is important to us to produce locally, as close as possible to markets. The Made in France adventure began with our emblematic MB Original bento box, manufactured in the Auvergne-Rhône-Alpes region, where monbento® was born.

2021 marks a further step in this approach that we are very proud of, with the launch of new Made in France references: the MB Savor, MB Delight and MB Jar. This new range strengthens our local presence and at the same time, retains all our products advantages that we deeply care about: quality of materials and finishes, choice of partners who are experts in their field and production proximity.

Extending our ranges with Made in France products also means going even further in our commitments: supporting the local economy and reducing our carbon footprint, while maintaining our high quality standards to offer products that are everyday partners, pleasant to use and that follow us for as long as possible. In the current situation, this approach makes even more sense to us.

All of this is an important step, and we are excited to share with you what's next, because yes, we already have some plans and they are coming soon!”

**Fabien Marret**

monbento® president

**I customise,**  
**therefore I am!**

# The focus on quality and design

## The choice of materials

### Why plastic?

- Reusable for a very long time: shock resistant and slow wear
- Lightweight so easy to carry everywhere
- Microwave and dishwasher safe
- Transport and manufacturing that use less energy and generate less CO<sub>2</sub> than glass
- Easy and less frequent recycling due to its resistance to breakage

### The selection of monbento®

- PBT (polybutylene terephthalate): a high-end material with excellent performance in terms of rigidity and resistance. It is 6 times more resistant to heat and corrosion than other plastics on the market. The MB Original by monbento® is the only bento box on the market that is made of PBT.
- PP (polypropylene): highly resistant, easily recyclable. Products concerned: MB Square, MB Lib, MB Temple, MB Tresor, MB Gram.
- Tritan™: transparent like glass, lightweight and resistant. Product concerned: MB Positive.
- PLA (polylactic acid): vegetable origin, 100% biodegradable. Product concerned: MB Pocket Color.

**“A 1-litre glass bottle generates 345 grams of CO<sub>2</sub> over its life cycle, compared to 129 grams for a plastic bottle.”**

Source: L'Express – glass-plastic: battle for an eco-label – November 2011

# The guarantees

All products are guaranteed BPA-free (in accordance with legislation) and BPS-free.

They comply with all international food standards.

Quality controls are regularly carried out by independent bodies (Tuv, SGS...).

All monbento® bento boxes are guaranteed for 3 years.

**3 years warranty**

# Design as keystone

French design

The French design of monbento® has been awarded several international prizes.

**MB Original**

2012

**MB Tresor**

2015

reddot design award  
winner 2012

# Go reusable: a joint mission

Since its creation in 2009, monbento® encourages everyone to take care of themselves and the environment through reusable and lasting products, with a unique design.

Thanks to its millions of users worldwide, monbento® has become a major actor in the fight against disposable containers.

The food service industry is also at the heart of this concern with the introduction of new laws and general awareness of the environmental impact. Changes in this industry also accelerates the transition to a sustainable system.

That's why it appeared natural to create a new range of reusable take-away containers, designed with and for these professionals. Tomorrow's challenge is to implement a deposit system for these containers - a project monbento® is already working on.

For homemade meals

For takeaway menus  
or delivery  
from restaurants

For doggy bags

5  
meals

With monbento<sup>®</sup>,  
I stopped counting!

“ Notre best-seller,  
le MB Original est désormais  
fabriqué en France. ”

JANVIER - MARS 2016 Numéro 33

AVRIL - JUIN 2016 Numéro 28

Le repas  
corresp  
style d  
s'inscr  
en ph  
cul

“ Les gammes de produits  
sont en phase avec de nouvelles habitudes  
de consommation qui vont s'inscrire  
dans la durée. ”

avez-vous avoir bénéficié de  
l'explosion du marché des robots  
de cuisine de nouvelle génération  
au cours des quatre ans ?

Sans doute, il est évident que  
vous avez connu à la même période  
des records. D'un côté, les contenus  
culinaires battaient alors  
des records. D'un autre côté, les contenus  
étaient incertains. Comment à la  
fois se voyaient proposer des applis  
mieux adaptées à la cuisine que les  
sites web traditionnels ?

Tous les produits sont-ils  
désormais fabriqués en France ?  
Pour commencer cette problématique,  
il faut savoir que la France ne concerne que le tiers  
des ventes de best-seller. Les autres produits  
sont soit fabriqués en France, soit importés  
de l'étranger. Les nouveaux produits développés  
en France ont vocation à être fabriqués  
par notre partenaire français.

Quelle est la maturité du marché  
de la lunch box en France ?

Le marché de niche des lunch boxes est un  
E.C. (Entrepreneurial Concept) qui est un  
marché de niche, mais qui est en pleine  
croissance. Il n'y a pas de besoin inassouvi. A  
l'époque, j'étais kinésithérapeute et je  
me préparais d'arriver en province. Ayant peu  
de temps pour déjeuner, le sandwich  
s'était imposé comme le seul moyen  
jusqu'au jour où, lassé de transporter  
de me préparer de vrais repas à em-  
porter. Ne trouvant pas de bonne solu-  
tion pour les transporter, j'ai commen-  
cé à faire des recherches sur Internet.  
C'est ainsi que j'ai découvert les bento

A wooden surface with fresh ingredients like lime, raspberries, and peaches, and a pink bento box lid. The scene is set on a light-colored wooden table with a prominent grain. In the upper left, there's a whole lime and several slices. Scattered across the table are several raspberries, a few peach slices, and some fresh mint leaves. In the bottom left corner, a portion of a pink bento box lid is visible, featuring a small embossed logo. The overall aesthetic is clean, fresh, and natural.

# Bento boxes, Bowl & Accessories

# Bento boxes & Bowl

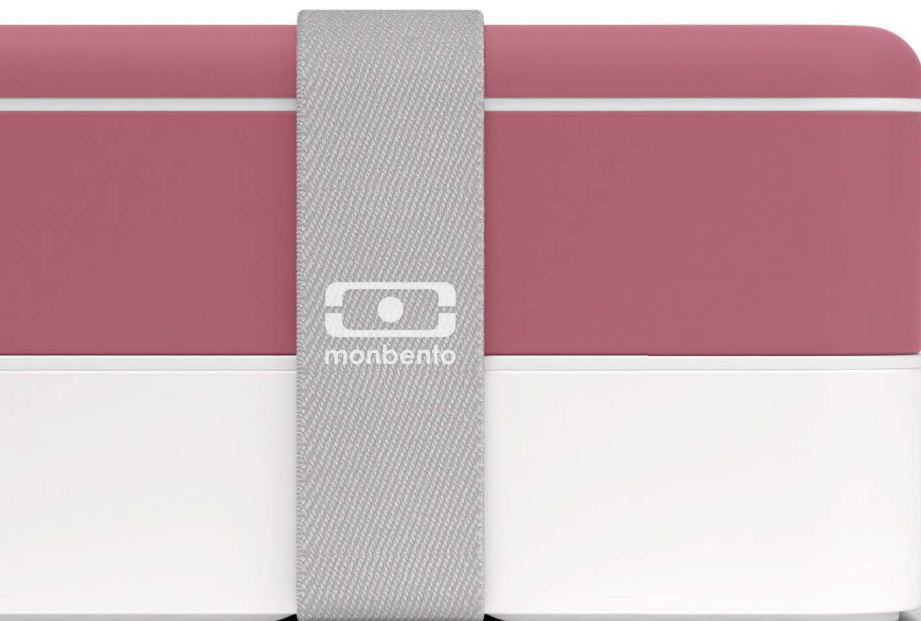

Perfectly suitable for lunches or snacks at the office, while shopping or even working out, our lunch box collection carries a philosophy: the freedom of eating wherever and as you want!

From the MB Original bento box, Made in France and first born of the brand, to the insulated lunch box MB Element, everything has been defined to facilitate everyone's daily life.

Well-kept design, varied colours and ingenuity: so many assets that make monbento® products ideal companions for busy lives!

Thanks to the MB Lib bowl, even soups can be carried everywhere!

Of course, they are all BPA-free\*!

# Accessories

Perfectly adapted to monbento® lunch boxes and designed to be slipped easily under the MB Original or MB Square bento boxes' top lids, the MB Pocket nomad cutlery set is a must-have for the lunch break.

To vary the pleasures, the boxes can be used with other accessories like sauce containers, moulds and even bags!

Now, with the MB I-cy ice pack, it is also possible to keep the content of the MB Original Made in France bento box cool up to 4 hours!

@openinordendigital

# MB E-zy

The eco-designed insulated bag

## The partner for responsible and trendy packed lunch!

- Ariaprene = eco-designed insulated material that is lightweight, flexible, non-toxic, hypoallergenic and recyclable
- A double sliding closure = temperature maintenance (it is possible to add an ice pack)
- A trendy purse which pattern was designed to optimise material cutting and reduce waste, for a product conceived to accommodate a complete lunch kit: MB Original, MB Square or MB Tresor bento box + MB Positive M reusable bottle + fruit or yoghurt
- 2 carrying possibilities: shoulder or hand

# Bottles

# Bottles

BPA-free\* guaranteed, monbento® bottles are perfect for a daily-use and a good alternative to disposable bottles.

They are declined in several colours and also in 2 sizes (33 & 50 cl) for the MB Positive and in insulated versions for the MB Steel and the MB Genius, keeping your beverage hot or cold for up to 12 hours. Extra feature: the MB Genius will also tell you the temperature of your drinks.

1 reusable bottle = up to 150 fewer plastic bottles thrown away per year.

Both an ecological and economic habit to adopt!

© monbento

# 200 million

That's the number of plastic bottles thrown away every day.

*(Six unusual uses of the plastic bottle - Arte January 23th 2016)*

# Between 3-7 L of water

Average amount of water needed to manufacture a 1-L throwaway plastic bottle.

*(Six unusual uses of the plastic bottle - Arte January 23th 2016)*

@rennler

## Adopting these bottles means...

### TAKING CARE OF THE ENVIRONMENT

By opting for a reusable bottle!

### SIMPLIFYING YOUR EVERYDAY LIFE

By carrying your beverages everywhere at the right temperature without risk of leaks!

### TAKING CARE OF YOURSELF

By staying well hydrated using a bottle suitable for every adventure!

Kids

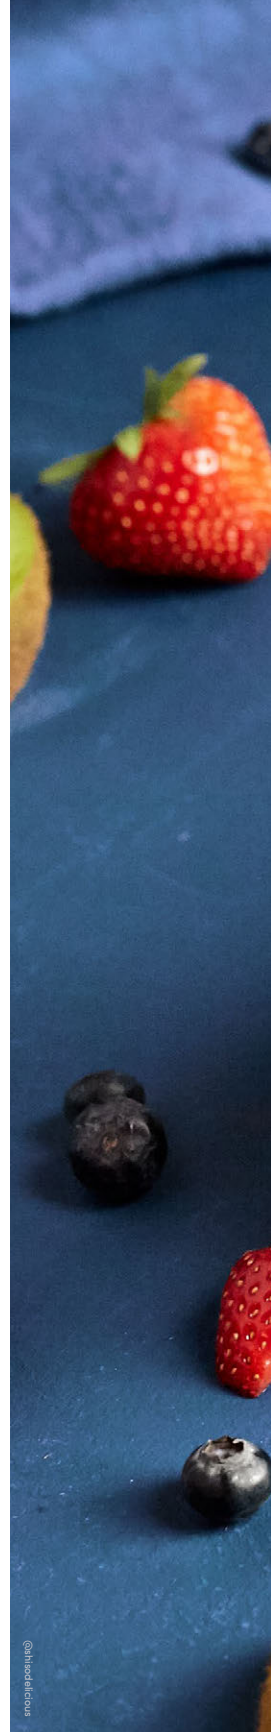

# MB Tresor & MB Gram

At school, at the gym or outdoor: kids can now eat wherever they want with the monbento® lunch boxes.

This kids range has been specially designed for the little foodies on-the-go. It enables them to feel independent and to carry safely a good and complete meal or snack.

In addition, the MB Tresor and the MB Gram are both customisable!

# 36%

Of children would like a snack box when asked.

*(Study conducted by IFOP for ADEME - April 2013)*

# 90%

Of parents would like customisable products for their kids.

*(Study conducted by monbento® - 2014)*

Adopting these boxes for kids means...

**EATING  
WITH PLEASURE**

By using lunch companions  
that fits your personality

**GROWING UP WELL**

By having in one box all  
you need for a healthy and  
complete meal

**SIMPLIFYING  
YOUR EVERYDAY LIFE**

By enjoying a solid product,  
designed for kids and  
developed with parents

# MB Tresor

The kids' bento box

## Perfect for a complete meal everywhere!

- Customisation zone + 5 tokens included
- 1 container + 2 food cups = splits food perfectly
- Rounded corners = enhanced security and resistance
- Hinges + seals = easy to open and close and perfectly airtight

# What monbento® does for you

Catch shoppers' attention in store, help them understand our products, share our brand's identity... But also optimise space, spotlight products, and simplify presentation... monbento® has considered all of these aspects based on its own experience and in collaboration with experts, to provide effective solutions.

Our main wish is to support our partners and improve their sales performance. That's why we develop our means of communication and multiply our actions to promote the brand and products. Finally, high standards of customer service have always been a main concern to our brand to make it an everyday support.

# Provides you with implantation solutions

## Implantation guide

Different implantation guides adjusted to your furniture, the space dedicated to the brand and your order

+ advice on highlighting the products.

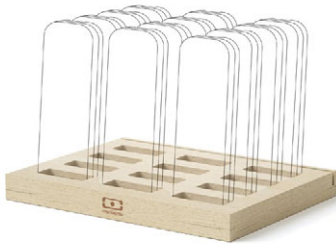

## Wooden furniture

175 L x 50 l x 30 h cm / 68.9 x 19.7 x 11.8 inches

Ideal to display the entire collection or to highlight the bestsellers and the packagings.
