

Joseph®  
Joseph

Kitchen | Bathroom | Utility  
Spring 2020

## It all started with a chopping board.

Twin brothers, Antony and Richard Joseph, grew up in a family with a long history of design and manufacturing. Originally set up by their grandfather in the 1930s, the family business specialised in the production of glass components and the brothers spent part of their summers working in the factory.

In 1999, having both trained in product design, the twins embarked on their early careers. As a sideline to their jobs, and with the support of their father, they utilised the capabilities of the factory in Birmingham to develop their own range of contemporary glass chopping boards.

But what started out as a fun project soon became the seed of a new business idea. After early success with their bold, colourful designs their entrepreneurial spirit kicked in and, in 2003, the Joseph Joseph brand was born.

Whilst glass chopping boards were just the start, the brothers were also designing other innovative kitchenware products and this gradually developed into a broader range of housewares.

What quickly became a key foundation of the brand was a simple observation - many tasks around the home could be made much easier and more enjoyable with a little intelligent thinking. It was this problem-solving approach, and the ability to combine it with a distinctive design aesthetic, that created some of their most iconic kitchenware and has made Joseph Joseph one of the world's most progressive houseware brands.

There's something special about a Joseph Joseph product that sets it apart from the competition. First it engages you with its distinctive design; then it captivates you with its functional benefits; finally, it assures you with its high-quality materials and attention to detail.

Joseph Joseph's ability to blend innovative design, contemporary styling and a distinctive use of colour is unique within the industry. While many brands concentrate on just one of these aspects, Joseph Joseph focuses on the whole user experience - creating products that work beautifully and are a pleasure to have around the home.

Since 2003 the brand has expanded successfully into many product areas and it continues to explore new houseware categories. It may have all started with a simple glass chopping board, but Joseph Joseph is now one of the fastest growing companies in the worldwide housewares market and it continues to earn accolades and awards for its unique, innovative designs.

# Icons in the making.

As designer makers, we're always looking for that so called "Eureka!" moment. That elusive instant when problem meets solution and an iconic product is born.

Take our DrawerStore™ compact cutlery organiser for example. The realisation that knives, forks and spoons really don't have to be stored side-by-side came as a spark of inspiration, which led to a simple but ingenious space-saving solution.

For this product, it really was a light bulb moment. For others, it's more of a slow burn, with a deeply satisfying solution arrived at over many months of development.

And that's exactly how we created Folio™, our new range of premium chopping board sets featured on the cover.

Tasked with producing a new icon for the kitchen and building on our reputation in this key housewares area, the team set about redefining just what a premium chopping board set should be.

After countless discussions, prototypes and refinements we arrived at a unique range of products with a clean, stylish aesthetic and superior qualities, all in a host of premium finishes (p.54).

This rigorous approach to product development also led us to create CleanTech™, our new range of innovative washing-up brushes and scrubbers (p.102). With advanced polymer bristles, they clean effectively, dry quickly and are more hygienic than conventional alternatives.

In truth, creating an enduring product requires both inspiration and perspiration in equal measure. We can honestly say we've put lots of both into developing this season's collection of products. Only time will tell whether they'll become the icons of the future.

*Antony & Richard*

## Multi-Grip™ Mandoline with precision food grip

Design registered

This handy gadget helps to create even slices of fruit or vegetables quickly and easily, whilst keeping your fingers safely away from its sharp stainless-steel blade. Unlike other mandolines, it has a precision food grip that allows you to slice a variety of items of differing shapes and sizes. It features a pinch grip for small items such as radishes or garlic cloves; a centre grip for slicing rounds from carrots or cucumber; and a flat grip for creating longer slices from foods such as courgettes or aubergines. It also features three slice thickness, a non-slip tip and an easy-grip handle for safe use.

Dishwasher safe.

Precision food grip features three styles of grip

NEW

## Multi-Grate™ 2-in-1 paddle grater with protective sheath

Design registered

This compact grater features two styles of grating blade in one design, saving valuable drawer space. The coarse blade is ideal for grating firm cheeses and vegetables, whilst the fine blade is perfect for hard cheeses like parmesan and citrus fruits. The paddle design makes it easy to grate directly over plates and the non-slip tip provides extra grip if resting on the worktop whilst grating.

Dishwasher safe.

**Dimensions** H26.5 x W10.5 x D1.8 cm (H10½ x W4¼ x D¾ inches)

## Twist Grater™

2-in-1 etched grater with adjustable handle

Design registered

This versatile grater has been designed to adapt to different grating tasks and foods with ease. Firstly, it has two different styles of etched stainless-steel blade set either side of its grating surface. Secondly, its handle has two different grating positions for maximum convenience.

With the handle locked in the straight position, it's ideal for grating directly over plates and dishes. But when you twist and lock the handle 90° it creates a naturally sturdy shape for resting on the worktop, providing more support when grating larger quantities of food.

It comes with a reversible plastic sheath that protects the blades when stored but can be flipped to allow you to collect and measure grated food.

Dishwasher safe.

## Handi-Grate™ 2-in-1 mini grater and slicer

Design by Goodwin Hartshorn  
Design registered

This beautifully compact mandoline has razor sharp stainless-steel blades, set either side of its design, for grating and slicing small foods such as garlic, ginger and mini vegetables. The design features an ergonomic handle, a non-slip tip and a sliding finger-guard on one side for added safety when slicing. It also comes with its own protective sheath for safe storage.

Dishwasher safe.

(20049)

Dimensions H28 x W5 x D2 cm (H11 x W2 x D¾ inches)

## Handi-Zest™ Mini zester with integrated blade wiper

Design by Goodwin Hartshorn  
Design registered

One of the problems with conventional zesters is that it can be tricky removing all that precious zest from their blades after grating. Handi-Zest, however, comes with its own mini blade wiper that neatly collects any remaining zest from the back of the blade. Using the wiper, simply slide the zest along the length of the blade to the hole at the end where it can be easily removed. The design comes with its own protective sheath for safe storage.

Dishwasher safe.

## Prism™ 4-in-1 box grater with storage container base & lid

Design registered

This neat box grater combines four types of grating blade into its pyramid-shaped design and comes with a base for collecting grated food and a lid for storage. The sharp stainless-steel blades are perfect for grating a variety of foods such as cheese, vegetables and whole spices or even zesting citrus fruits.

The handy, snap-on lid means that any unused grated food can be conveniently stored in the container for another time and, after use, the entire blade section can be flipped over and placed inside the container for extra-safe storage.

## Multi-peel™ Multi-function peelers

Design by Goodwin Hartshorn  
Design registered

Multi-peel™ is a comprehensive range of four highly-effective peelers. Each tool has a high quality stainless-steel blade, multiple added functions and ergonomic, easy-grip handles. The range includes two different straight-bladed peelers for everyday use, a serrated peeler for soft skinned fruit or vegetables and a julienne peeler for more specialised requirements.

So whether you need the perfect blade for preparing potatoes or one for adding the final flourish to culinary masterpieces, the ideal tool is in your hands. All peelers come with a protective blade guard.

## Tri-Peeler™ 3-in-1 peeler with potato-eye remover

Design by Damian Evans  
Design registered

This multi-function design eliminates the need for several different vegetable peelers. It features three stainless-steel blades - straight, julienne and soft fruit - and an easy-grip, ergonomic handle. Easily switch between different blades by pressing the large button and then removing and rotating the head unit.

Dishwasher safe.

## Helix™ Ergonomic food presses

Design registered

Most hand-held juicers and presses require strong hands to operate and their vertical squeezing action can often be awkward to use. With the Helix range, however, the squeezing force is applied horizontally, which is much more comfortable and utilises the power of the shoulders as well. In addition, the unique, twisting mechanism multiplies the force used, which means you get more squeezing power from less effort. The 2-piece design is made from stainless steel and nylon and can be separated for easy cleaning. The Helix range includes a garlic press, potato ricer and citrus juicer.

Dishwasher safe.

## Spiro™ 3-in-1 hand-held spiralizer

Design registered

Coarse blade

Fine blade

Grating blade

Many spiralizers can be fiddly to use and they often create piles of messy noodles. Spiro™, however, makes spiralizing super neat and easy with its clever, compact design. It comes with two styles of spiralizing blade - coarse and fine - for different noodle thicknesses, plus a handy grating blade. It features a soft-grip lid, for easy turning, and two guide arms that help keep food straight as you twist.

Most importantly, it has a clear base that collects food as you cut - keeping everything nicely contained and your worktop cleaner. After use, the three blades and the lid store neatly together with the base for compact storage.

Dishwasher safe.

# SpiroGo™

## Compact hand-held spiralizer

Design registered

SpiroGo™ makes small spiralizing tasks quick and easy with its neat, compact design. It features a long handle that provides much better grip than other hand-held spiralizers and a stainless-steel blade that gives the perfect noodle thickness. The detachable finger guard has a food grip that allows you to spiralize ever last piece of vegetable, whilst keeping your fingers safe. Perfect for spiralizing courgettes, carrots and potatoes.

Dishwasher safe.

**Easy Mash™**

## Ergonomic potato masher

Design by Morph  
Design registered

Conventional mashers with their vertical grip can be awkward and inefficient to use. This ergonomic masher, however, features a D-shaped design with a non-slip grip that's much more comfortable to hold. It also transfers the downward force straight through the mashing plate, making short work of boiled potato. Fins on the edges of the handle allow you to scrape around the pan as you mash, ensuring you get every last lump.

Dishwasher safe.

Non-slip grip

Pan-scraping edges

Masher  
(20140) White

Dimensions H16.5 x W12 x D7 cm (H6½ x W4¾ x D2¾ inches)

## Delta Ergonomic folding masher

Design registered

Conventional mashers can be awkward to store due to their long handle and mashing head that are fixed at right angles to each other. Delta solves this problem as the head can be neatly folded flat after use. Before using, simply lock the mashing head in position with the small sliding collar located on the shaft. After use, slide the collar back up the shaft and secure it at the base of the handle.

As well as being easier to store, Delta is also more efficient to use. Its curved mashing plate is designed to fit better into the edges of a pan, which means more potato is squashed with each plunge of the masher. Suitable for non-stick cookware.

Dishwasher safe.

More compact when stored

## GoAvocado™ 3-in-1 avocado tool

Design by Griffik  
Design registered

Preparing avocados can be difficult, messy and even hazardous if using a sharp knife. This handy gadget though provides the complete avocado preparation tool, allowing you to open, de-stone, scoop and slice all in one. It features a fold-out plastic blade, a stainless-steel pitter, a curved slicing head and an ergonomic, soft grip handle.

Dishwasher safe.

## Can-Do Plus

Can opener with integrated ring-pull hook

Design by Mark Sanders  
Design registered

Can-Do Plus is a clever, compact opener that makes opening most types of can quick and easy. It has a large, easy-twist mechanism that locks itself on to the lid as you start to twist and an easy-release button for disposing of the lid after removal. It features a single, smooth handle for extra support and has an integrated hook at the end for prising up the metal rings on ring-pulls cans.

Suitable for left or right-handed operation. Wipe clean with a damp cloth.

CanDo Plus  
(20098)

**Dimensions** H6 x W18 x D5 cm (H2¼ x W7 x D2 inches)

## Can-Do Compact can opener

Design by Mark Sanders  
Design registered

Clever and compact, with an easy-twist handle, this pocket-sized device does away with the cumbersome handles and magnets of other can openers. With the first twist Can-Do attaches itself to the can lid and locks into place, allowing you to open it using the easy-twist mechanism. It works equally well if you're left or right handed and the lid is released with a simple press of the button on the front.

Wipe clean with a damp cloth.

Silicone grip reverses to become blade guard

Anti-spill design

Simply twist base to grind

Adjust grinding size by twisting stainless-steel top

Easy to refill - simply unscrew base

Milltop™  
(95036)

**Dimensions** H16.9 x W7 x D7 cm  
(H6½ x W2¾ x D2¾ inches)

## Milltop™

### Non-spill salt & pepper mill set

Design registered

Conventional salt & pepper mills often create mess by leaving excess grounds on surfaces when placed down. The simple, elegant design of Milltop™ avoids this problem as the grinding mechanism is at the top of the mill, which means any excess grounds fall back inside the unit after use. The innovative design also does away with a long central spindle for the grinding mechanism, which increases its capacity and makes it much easier to fill. To use, simply invert the mill and twist the base to grind. To adjust the grinding size, simply rotate the stainless-steel top.

Wipe clean with a damp cloth.

# Froach Pods™

## Set of 2 silicone egg rings

Design registered

Video

Froach Pods™ are a totally new and healthier way to cook eggs, combining the principles of both frying and poaching into one revolutionary design. These innovative silicone eggs rings feature a small reservoir on top into which you add a few spoonfuls of water. As the water heats up during cooking, it turns to steam which flows across the top of the egg, cooking it to perfection. Meanwhile, the base of the egg cooks as normal on the hot pan but won't

stick due to the presence of moisture from the steam. Apart from a small amount of oil needed around the inside edge of the pod, you only need to add water, which means that Froach Pods™ use up to 95% less oil than with typical frying.

Available as a set of two. Dishwasher safe. Only suitable for use with non-stick pans. Full instructions included.

Crack egg into ring

Add 3-5 tbsp. of water to reservoir

Froach Pods™  
Set of 2 silicone egg rings

**Dimensions** H4.4 x W9.9 x D11.8 cm  
(H1½ x W3¾ x D4½ inches)

### FroachPods™ Technology

## O-Tongs™ Set of 2 egg boiling tongs

Design registered

This simple but effective gadget makes boiling eggs even easier. It features oval tips that securely grip the egg whilst transferring to and from a hot pan and heat-resistant silicone handles that allow it to be hooked on the side of the pan whilst cooking. Not only does this help prevent the egg from breaking in the boiling water, it also makes removing the egg much easier when ready. With two colour-coded tongs in each pack, you can even cook eggs separately for different lengths of time to suit everyone's taste.

Dishwasher safe.

O-Tongs™  
(20121)

**Dimensions** H17.1 x W4 x D4.6 cm  
(H6¾ x W1½ x D1¾ inches)

## Poach-Pro™ Set of 2 egg poachers

Design registered

This inventive design allows you to cook professional-style poached eggs in water, without the mess. The two-piece design effectively creates a cling-film/plastic-wrap pouch, which neatly holds the raw egg as it cooks, ensuring an even shape and a mess-free pan. What's more, the pouch allows you to infuse your eggs with other flavours, such as herbs and spices, whilst cooking for a delicious alternative to traditional poached eggs.

Dishwasher safe. Cling film/plastic wrap required. Full instructions included.

Allows you to infuse eggs with herbs and spices

Easy-tear teeth allow removal of excess cling film

Holes for flipping over and hooking out of the pan

Poach-Pro™  
(20113)

Includes Poach-Pro™  
& GoAvocado™  
(20114)

**Dimensions** W10.8 x D8.4 x H3.5 cm (W4¼ x D3¼ x H1½ inches)

## YolkCatcher™

### Egg-yolk separator with collecting base

Design registered

Separating egg yolks when baking can be messy and time consuming. This clever design, however, allows you to quickly and easily separate multiple yolks from the "white", saving you valuable preparation time. It separates up to 6 eggs at once and includes an integrated egg cracker and a collecting base to catch the egg white. Simply flip the lid after use for space-saving storage.

Dishwasher safe.

**Dimensions** W13 x H7.1 x D13.5 cm (W5 x H3 x D5¾ inches)

Ideal for soups, stews and casseroles

## Gusto

### Flavour infusing spoon with herb stripper

Design registered

Adding extra flavour to soups, stews and casseroles is now even easier with this handy kitchen utensil. Load the bowl with fresh herbs or whole spices, close the lid and simply stir the flavours in as you cook.

Ideal for recipes using whole spices such as cinnamon sticks, dried chillies and cardamom pods that need to be removed before eating. Gusto is also perfect for flavouring pitchers of hot and cold drinks with herbs and spices. Suitable for all types of cookware.

Dishwasher safe.

**Dimensions** H27 x W6.5 x D3.5 cm (H10½ x W2½ x D1¼ inches)

## Dimple™ Non-drip ice-cream scoop

Design by Griffik  
Design registered

Create less mess when serving ice cream with this thoughtfully designed scoop. Firstly, it has a plated zinc-alloy head with a faceted surface which helps release scooped ice cream more easily. Secondly, the tip of its weighted handle is flat which means it can be stored upright between scoops, rather than placed down on the worktop or stuck into tubs.

Lastly, it has a flexible silicone collar that catches any melted ice cream and drips before they run down the handle, leaving you free to enjoy your favourite dessert without sticky hands or worktops.

Dishwasher safe.

Collar catches drips when stood upright

Easy-release scooping head

Dimple™  
(20046) Green

**Dimensions** H18 x W5 x D4.5 cm (H7 x W2 x D1¾ inches)

Flexible cup catches pips

## Catcher™ Citrus reamer with pip catcher

Design by Graeme Davies  
Design registered

Ensure you get the whole juice and nothing but the juice with this innovative citrus reamer. With conventional hand reamers, the extracted liquid needs to be strained before use to remove any unwanted pips and fruit pulp. The design of Catcher™ helps eliminate this problem with its soft rubber cup underneath the reaming head, which catches any debris whilst allowing precious juice to drain through.

More comfortable to use than a horizontal hand juicer, Catcher™ is perfect for all kinds of citrus fruit.

Dishwasher safe.

Catcher™  
(REAM0100AS) Grey  
(20028) Yellow

(H6½ x W3½ x D2¾ inches)

## Clean-Press

### 2-piece easy-clean garlic press

Design by Goodwin Hartshorn  
Design registered

The unique, 2-piece design of this garlic press makes the task of crushing garlic cloves much easier and less messy. Like a conventional garlic press, whole cloves are forced through a pierced extruder plate by squeezing the two levers together. Unlike conventional presses the two levers can then be separated enabling the top one to be used as a handy scraping tool for removing crushed garlic from the front

of the extruder plate. The remaining skin or pulp can then be removed with the tip of the lever from the extruding chamber. The unit can be washed under running water where its cone-shaped holes prevent any remaining garlic pieces from being trapped.

Dishwasher safe.

## Mezzaluna

### Folding herb chopper with integrated blade guard

Design by Goodwin Hartshorn  
Design registered

Taking its name from the Italian word for 'half moon', this traditional utensil for chopping herbs is updated with a design that is both safer and more compact than the original. It has pivoting handles and a sharp stainless-steel blade that slices through fresh herbs and garlic with ease.

After use the handles can be folded back over the blade making it perfect for storing in a drawer.

Wash and dry by hand.

Handles fold to create blade guard

(20039)

**Dimensions** H11.8 x W5.7 x D1.2 cm  
(H4¾ x W2¼ x D½ inches)

## Shred-Line™ Stainless-steel garlic and ginger grater

Design by Griffik  
Design registered

Make authentic homemade garlic or ginger paste quickly and easily with this neat kitchen tool. Its sharp, double-action cutting teeth make short work of cloves and fibrous ginger roots and its smooth surface makes removing the pulp easy. Its versatile design means it can also be used for grating nutmeg and other whole spices.

As it's made from stainless steel, Shred-Line™ can also help remove garlic odour from fingers when washing by hand.

Dishwasher safe.

## Rocker™ Garlic crusher

Design by Goodwin Hartshorn  
Design registered

By using downward pressure and a 'rocking' motion, this stylish tool breaks up garlic cloves quickly and easily, forcing the pieces up through the array of small holes in its base. The crushed pieces are then held in the curved design, allowing them to be spooned or scraped conveniently into a pan or bowl.

Additional cloves can also be crushed at this stage before emptying. Rocker™ is easy to clean under running water but is also dishwasher safe.

Available in a range of colours or in brushed metal.

## Axis™ Folding silicone pot stand

Design by Donald Wentworth  
Design registered

This simple design opens out to provide a stable stand for a large pan or casserole dish then folds neatly down for easy, compact storage. Its silicone arms are non-slip, non-scratch and heat resistant up to 220°C/428°F.

Wipe clean only.

Protect valuable surfaces from burns and scratches

Axis™  
(20117) Black

Simple pull-mechanism for easy opening

Compact, space-saving design

## Stretch™ Expandable silicone pot stand

Design registered

Most conventional pot stands only provide enough space for standing a single hot pan or dish on, meaning additional stands are required if serving food from a variety of hot containers. The unique design of Stretch™ helps eliminate this problem, as its size can be easily adjusted to provide space for more than one pan, or even a large casserole dish.

After use, it folds neatly away for convenient storage. Made from a high-quality silicone-nylon composite, it is heat-resistant up to 240°C/464°F.

Dishwasher safe.

## Square Colander

With easy-pour corners

Design by Morph  
Design registered

This bestselling, ergonomic colander has several unique features. The single vertical handle leaves one hand free for operating the tap and ensures it remains upright and stable if placed in a sink. Its square corners make emptying food easier and the vertical holes allow liquids to drain away quickly. Along with its square shape, this latest version is now stackable making it even more space efficient. Available in a variety of colours.

Dishwasher safe.

## Nest™ Colanders

2-piece set with easy-pour corners

Design by Morph  
Design registered

Nest™ is the ultimate collection of practical, space-saving kitchenware. Each product in the range has been cleverly designed so that the individual elements within each set can be stacked neatly together, thereby occupying the absolute minimum amount of space.

This set of two colanders feature ergonomic vertical handles that leave one hand free for operating the tap and ensure they remain upright and stable if placed in a sink. Their angled corners make emptying food easier and the vertical holes allow liquids to drain away quickly. The two sizes nest neatly together for space-saving storage but also allow you to wash and drain different foods separately.

Dishwasher safe.

# Utensils

## Elevate™

Kitchen tools with integrated tool rests

Design by Gillian Westley  
Design registered

The Elevate™ range of kitchen tools has been specifically designed to improve hygiene and minimise the mess made by placing utensils onto kitchen surfaces during use. Each tool has an innovative, weighted handle with an integrated tool rest, ensuring that when an Elevate™ utensil is placed down, its head is always raised from the work surface.

The Elevate™ range comprises a variety of essential kitchen tools - including spoons, turners, tongs and spatulas - in a host of materials such as nylon, steel and silicone. Available individually, in sets or with a rotating carousel.

## Scoop™ Plus Colander

Design by Morph  
Design registered

This simple but effective kitchen utensil allows you to scoop, drain and serve food straight from a hot pan or baking tray. It's available in two sizes, both with silicone handles and each with their own individual features.

The large version incorporates small pan hooks on the underside of the tool head that allow you to conveniently rest it on

the side of a pan as it drains. The small version has a specially designed front edge that makes it ideal for scraping food from non-stick baking trays. Both sizes are heat resistant up to 200°C/392°F.

## Twist™ 2-in-1 silicone whisk

Design registered

**reddot design award**  
winner 2012

This innovative product incorporates two essential whisks in one stylish design.

As a flat whisk, Twist™ is ideal for mixing sauces in low pans or for making gravy in roasting trays. Its silicone-coated steel wires are suitable for non-stick cookware and are perfect for combining ingredients together, preventing them from burning on the bottom of a pan.

With a simple turn of the handle, Twist™ also becomes a highly effective balloon whisk, allowing egg whites to be whipped into perfect peaks. Twist™ can be easily dismantled for cleaning and, after use, can be closed flat for convenient storage in a drawer. Its silicone-coated wires are heat-resistant up to 270°C/520°F.

## Nest™ Utensils Plus

Compact kitchen tool set with magnetic storage stand

Design by Studio17 Design  
Design registered

Nest™ is the ultimate collection of practical, space-saving kitchenware comprising a unique range of food preparation sets. Their innovative design allows the individual elements within each set to be stacked together, thereby occupying the absolute minimum amount of space, wherever they are stored.

Nest™ Utensils Plus is the latest update to this range. Comprising five essential kitchen tools, this innovative design now comes with a separate storage stand which holds any utensils that aren't in use. When nested together, each tool is held securely in place by small magnets in the handles. This colourful set not only looks great, but its compact design eliminates the need for an additional utensil pot.

All utensils are heat-resistant up to 200°C/392°F and are dishwasher safe.

5-piece knife set with ceramic sharpener

Design registered

The Elevate™ range of kitchen tools is designed to improve hygiene and reduce mess. Each tool has an innovative weighted handle with an integrated tool rest, ensuring that the head or blade is always raised off the work surface, when placed down.

This stylish set comprises five knives with Japanese stainless-steel blades and ergonomic handles plus a smart, slimline knife block. The block features easy-access knife slots and a removable, two-stage ceramic sharpener in the base. Simply push the side of the unit to release the sharpener when required. The sharpener features two ceramic wheels that sharpen and hone the blades, helping to keep them in optimum condition (not suitable for ceramic or serrated blades). After use, simply slide the sharpener back into place where a magnet holds it securely in place.

# LockBlock™ Self-locking knife block

Design registered

For parents with young children, safety around the home is paramount. And when it comes to sharp kitchen knives many people feel happier hiding these items away in a drawer. But then the drawer needs to be secured, the blades can be easily damaged and the knives can be dangerous to take out when needed.

LockBlock™, however, provides the perfect solution. The innovative design locks knives safely inside the block and requires an adult-sized hand to operate it, meaning that most children aged 5 and under will be unable to remove any knife\*. As each knife is placed inside a knife slot, its blade is held securely by the unique Cam-lock™ mechanism. Pulling on a knife only increases the force of the grip so knives cannot be simply forced out of the block.

To remove a knife from LockBlock™ the release button, situated on either side for left and right-handed operation, needs to be firmly pressed. But due to its position and the force required to press it, only someone with an adult-sized hand can do this. The mechanism inside won't damage expensive knife blades as it has a smooth rubber surface so it holds the knife blade without scratching. LockBlock™ includes a set of 6 high quality knives that are made from Japanese 420J2 stainless steel and have precision, taper-ground edges for effective use. Their ergonomic handles have a textured, non-slip grip and a large bolster to help protect fingers. They are also colour-coded to match their corresponding knife slot.

Knives - wash and dry by hand.  
Block - wipe clean with a damp cloth.

**Dimensions** Block H35.5 x W14 x D16.5 cm  
(H14 x W5½ x H6½ inches)

\*In tests 96% of children aged 5 and under were unable to remove knives. This product is not a substitute for adult supervision. Always keep knives away from children and never leave a child unattended.

**PowerGrip™**  
Kitchen scissors with  
integrated thumb grip

Design registered

These multi-purpose kitchen scissors are packed with practical features, including an integrated thumb grip for two-handed use - ideal when you need more power to cut through chicken bones, wooden skewers or tough string. They have Japanese stainless-steel blades with a serrated edge for superior cutting, a handy blade notch for gripping items like flower stems and an integrated herb stripper. The blades also separate for easy cleaning.

Wash and dry by hand.

Extra grip for other hand when more power is needed

**Dimensions** H22.4 x W9.1 x D1.8 cm  
(H8¾ x W3½ x D¾ inches)

## Slice&Sharpen™ Knives

Silicone-coated knives with sharpening sheaths

Design registered

These all-in-one knives have non-stick, silicone-coated blades and come with their own protective storage sheath which includes a built-in ceramic sharpener. This allows you to sharpen the blades just before use, which is both safer and more

efficient. Sheaths have a non-slip base for safe sharpening.

Knives - wash and dry by hand.

Sheaths - wipe clean with a damp cloth.

## Rota™ Folding knife sharpener and honer

Design by Studio17 Design  
Design registered

The unique, swivelling design of this stylish knife sharpener provides two key benefits. Firstly, when opened out, it creates a safe, ergonomic handle to hold when sharpening. Then, when finished, the handle folds neatly away again, creating a compact unit that stores easily in a drawer. It has coarse and fine ceramic sharpening wheels for maintaining knives with a variety of blade conditions from dull through to damaged edges. Non-slip feet on the base give added stability.

Suitable for most types of stainless-steel knives. Not suitable for serrated or ceramic blades. Wipe clean with a damp cloth.

# Bowls, Weighing & Measuring

## Nest™ Compact food preparation sets

Design by Morph  
Design registered

Nest™ is the ultimate collection of practical, space-saving kitchenware comprising a unique range of food preparation sets. Their innovative design allows the individual elements within each set to be stacked together, thereby occupying the absolute minimum amount of space, wherever they are stored.

There are a variety of different sets available with each item in a set having its own individual features. All sets come in stylish packaging and all items are dishwasher safe.

Nest™ 9 and Nest™ 7 sets include mixing bowls with a non-slip base and wide carry handles; the small mixing bowl includes metric and imperial measurements moulded inside for added convenience and a handy spout for mess-free pouring; the sieve has a fine stainless-steel mesh and the colander has large, easy-drain holes. All other elements stack and snap securely together.

Nest™ 100 is made from high quality 18/8 stainless steel, providing exceptional durability.

## Prep&Serve™

Multi-function bowl with integrated colander

Design registered

This simple, stylish product combines the functions of a preparation bowl, colander and a serving bowl in one convenient design. Its integrated colander means you can rinse food in the main bowl and then drain off the excess water, without having to tip the contents into a separate colander or sieve.

Once drained the contents can either be tipped into a pan for cooking, combined with other ingredients such as sauces and dressings, or served straight to the table - all using the same bowl. It's ideal for preparing and serving salads and soft fruits or for rinsing rice and lentils prior to cooking.

Dishwasher safe.

## TriScale™ Compact folding digital scale

Design by Morph  
Design registered

Folds for convenient storage

### Dimensions

Closed H4.5 x W14.9 x D2.1 cm (H1¾ x W5¾ x D¾ inches)  
Open H21.9 x W20.2 x D2.1 cm (H8½ x W8 x D¾ inches)

This unique digital scale brings a whole new meaning to the concept of space-saving kitchen gadgets. When open, its three arms provide a stable platform on which to place bowls and other items for weighing. When closed, the unit folds down to an extremely compact size, enclosing and protecting the screen and controls, which makes it perfect for storing in a kitchen drawer. It has an easy-to-read LCD display, touch-sensitive controls and an auto power-off feature.

A convenient 'add and weigh' function also allows multiple ingredients to be measured in the same bowl during recipe preparation. The scale weighs/measures in the following units: g, lbs oz, fl.oz and ml.

Powered by 1 x 3V CR2032 battery (included).

Add & Weigh function

## SwitchScale™ 2-in-1 digital scale with reversible lid

Design by Morph  
Design registered

Quickly weigh whole items by placing on lid

This multi-functional digital scale is a versatile kitchen device which offers two options for weighing. You can either place items or bowls directly on to its top, or flip over the integrated lid to create a measuring bowl for weighing loose ingredients or liquids. Featuring an easy-to-read back-lit LCD display and touch-sensitive controls, it's ready to weigh both liquids and dry foods in the following units - gms, lbs, ozs, fl.ozs, mls up to a maximum capacity of 5kg/176.4 fl.oz/11lb/5000ml.

A convenient 'add and weigh' function allows multiple ingredients to be weighed during recipe preparation and an auto power-off feature maximises battery life. It also has non-slip silicone feet.

Bowl - hand wash. Scale - wipe clean with a damp cloth. Powered by 3 x AAA batteries (included). Internal mechanism 2-year guarantee.

**Dimensions** H22.6 x W18.6 x D9 cm (H8¾ x W7¼ x D3½ inches)

# Baking

## Adjustable Rolling Pin

Design by Damian Evans

This innovative rolling pin takes the guesswork out of preparing biscuit dough, pizza bases and pastry. It comes with four sets of removable discs that raise the rolling surface by different amounts, to create exactly the required pastry thickness - either 2 mm, 4 mm, 6 mm or 10 mm (1/16, 1/6, 1/4 and 3/8 inches).

Now available in a sophisticated new pastel colour palette, this ingenious device also ensures that pastry or dough is rolled to an even thickness throughout and to the exact size required, via measurements on the surface of the rolling pin. Discs - dishwasher safe. Rolling pin - hand wash only.

Adjustable Rolling Pin  
(20036) Pastel  
(20085) Multi-colour

Simply unscrew ends to change discs

**Dimensions** H42 x W6.5 x D6.5 cm (H16½ x W2½ x D2½ inches)

## Roll-up™ Non-slip silicone pastry mat

Design registered

This large, silicone pastry mat provides a hygienic, non-slip surface for preparing all kinds of pastry and icing. It has a handy rolling size-guide printed on its surface and, unlike other pastry mats, an integrated, lockable strap that keeps the mat securely rolled when stored.

Dishwasher safe  
Not suitable for oven use

## Fin™ Silicone bowl scraper with integrated foot

Design registered

This flexible silicone bowl scraper is both useful and hygienic. Its curved form is perfectly shaped to fit the sides of mixing bowls and it has an integrated foot that allows it to be placed down during use, preventing the scraping edges and food touching your work surface. The design also includes a hanging hole for versatile storage. All in all, a great baking tool that reduces mess and improves hygiene. Dishwasher safe.

Store upright between uses

# Chopping Boards

NEW

## Folio™ & Folio™ Steel

Set of 4 colour-coded chopping boards with storage case

Design registered

This stunning design features a slimline, case that keeps four large chopping boards beautifully organised and makes a real statement on the worktop. Each colour-coded board has a knife-friendly, textured cutting surface on both sides and non-slip feet. They can be easily removed from the case due to the smart angled design and stainless-steel selecting bars.

The case holds each board neatly apart, allowing air to circulate, and features non-slip feet on the base. Available in a range of sizes and finishes, including a version with a fingerprint-proof, stainless-steel case for easy cleaning.

Boards - Dishwasher safe.

Case - Wipe clean with a soft, damp cloth.

## Chop2Pot™ Bamboo

Folding chopping board with non-slip feet

Design registered

Our ever popular Chop2Pot™ folding chopping board design is reimagined using high-quality bamboo. As well as providing a beautiful natural look, the hard-wearing properties of bamboo make it ideal for all types of food preparation tasks.

A single silicone hinge down the middle makes it easy to fold and pour food to a pan, and it features non-slip silicone feet on the base. Available in two sizes.

Wash and dry by hand.

## Cut&Carve™ Bamboo

Multi-function chopping board

Design registered

This heavy-duty chopping board is made from tough, natural bamboo and features an integrated food grip for holding meat, vegetable and bread whilst cutting. It has an angled cutting surface - to help catch meat juices and breadcrumbs - and easy-pour corners. Handle recesses on the sides make carrying easy and non-slip feet on the base help keep it in place whilst cutting. Its beautiful natural finish is complimented with an etched stainless-steel badge set into its front edge.

Wash by hand and wipe dry (do not soak).

## Index™ Bamboo

Set of 3 food-specific chopping boards with storage stand

Design by Damian Evans  
Design registered

Designed to reduce cross-contamination of different food types, Index™ Bamboo comprises three food-specific chopping boards with a sturdy metal storage stand. Each board is made from tough, natural bamboo and features an index-style tab indicating which food type it should be used for - raw meat, cooked food or vegetables. Each board slots securely onto the metal stand which also features non-slip feet.

Chopping boards - Wash by hand and wipe dry (do not soak). Storage stand - wipe clean with a damp cloth.

## Index™ Food-specific chopping board sets

Design by Damian Evans  
Design registered

Since its launch in 2008, Index™ has been a worldwide bestseller, helping reduce cross-contamination of food with a simple-yet-effective, colour-coded system of boards. Whilst the original concept has always remained the same, the range has undergone a series of design refinements and product extensions over the years, culminating in this latest range of iconic products.

### Index™ Regular & Large

This latest variant features the same key benefits of the original, but with an updated case design. As before, the knife-friendly boards feature easy-grip tabs with food-type icons, non-slip feet on both sides and sloping edges to catch crumbs and liquids. The storage case also has a non-slip base.

Chopping boards - dishwasher safe.  
Storage case - wipe clean with a damp cloth.

## Chop2Pot™ The original folding chopping board

Design by Mark Sanders  
Design registered

Chop2Pot™ is our original, award-winning folding chopping board. Laid flat, it provides a durable, knife-friendly cutting surface for all types of food preparation. But when the handle is squeezed, the sides of the board fold up, forming a convenient chute down which chopped food or waste can be neatly guided.

This latest version of the design still employs the same proven 'living-hinge' technology to achieve its transformation, but also features a textured cutting surface, comfortable soft-grip handle and non-slip feet. Available in three sizes and a variety of colours.

Dishwasher safe.

## Cut&Carve™ Plus Multi-function chopping board

Design by John Brauer and Joseph Joseph  
Design registered

Cut&Carve™ Plus is our popular double-sided, multi-function chopping board. It has an integrated meat grip on one side of the board, angled cutting surfaces and easy-pour corners, which help in the collection and disposal of liquids or food when cutting or carving. The opposite side of the board provides a smooth cutting surface, for general food preparation, and it also has non-slip feet and soft-grip sides. Available in a range of colours.

Dishwasher safe.

Steam different foods separately

## Nest™ Steam

### 3-piece steaming pod set

Design registered

Most small in-pan steamers only provide a single compartment for cooking food. This can be inconvenient, especially if different foods require different cooking times. Nest™ Steam, however, provides three individual pods that are ideal for small portions of vegetables and other foods. Each pod has a non-slip silicone handle and pan rests, and an integrated hook that suspends it safely from the edge of your pan. After use, the three pods stack neatly inside each other for compact storage.

Dishwasher safe.

## M-Poach™ Microwave egg poacher

Design registered

Preparing poached eggs in a pan can be a tricky but cooking them in water usually gives the best results. This can be quickly and easily replicated in a microwave oven with this clever design. Simply fill the poacher with water, heat briefly in the microwave and then break in an egg. Cover with the lid and microwave on full power for the specified time. To serve, simply lift and drain the cooked egg with the integrated colander. Full cooking instructions included.

Suitable for all power ratings in domestic microwaves. The power rating (wattage) specified on the packaging is for guidance only. All microwaves vary so please adjust the cooking time to suit your appliance.

Dishwasher safe.

## M-Cuisine™ Microwave 4-piece stackable cooking set

Design registered

Flexibility is the key benefit of this stackable microwave cooking set. With its four interchangeable pieces, the versatile design allows you to cook anything from a single

food right up to a full meal, ensuring everything is ready at the same time. Depending on the dish being prepared, the microwave can be paused and a new element with food added to the stack before the cooking process is resumed. The set comprises a main cooking pot for preparing rice, pasta or potatoes; a steamer basket for vegetables, fish or meat; a griddle for cooking foods such as bacon,

and a reversible lid which doubles as a base for the griddle and steamer or as a stand-alone microwave plate. Integrated handles on the cooking pot and lid ensure all pieces can be safely removed from the microwave and carried to the table for serving.

Dishwasher safe.

# M-Cuisine™ Microwave rice & grain cooker

Design registered

Go seamlessly from packet to table with this specially designed microwave rice cooker. This thoughtful design provides all the tools necessary to measure, wash, cook and serve perfect fluffy rice and grains. It comprises a large 2-litre (2.1 qt) cooking pot with lid; a colander; a measuring cup, and a multi-purpose rice paddle that simultaneously locks the lid closed for cooking and also provides two convenient carry handles.

To use, simply measure the desired quantity of rice or grains into the colander and then rinse and drain. Place the colander into the cooking pot, add the correct quantity of water and then secure the lid on top using the rice paddle. Fluff the rice or grains with the rice paddle before serving.

Dishwasher safe.

## Microwave single-serve popcorn maker

Design registered

This fun popcorn maker allows you to make a single 30g (1 oz) portion in one go, so it should put an end to arguments over who's eaten more than their fair share on film nights. What's more, it's made from high-quality, heat-resistant silicone, so it won't melt with the high temperatures created in the microwave when popping corn. It has an integrated measuring guide in the base and lid flaps that conveniently open when the popped corn is done and reaches the top of the maker. With no oil or butter required, it's a great way to make the perfect healthy snack. Available as a 2-pack.

Dishwasher safe.

## BarWise™ Compact lever corkscrew

Design by Chambers Design Studio  
Design registered

Conventional lever corkscrews are notoriously large and cumbersome to use and store. This BarWise™ compact lever corkscrew, however, packs all the power of a full-sized lever corkscrew in a clever, folding design. It's easy to use, removing corks with a simple lever action, and features twin integrated foil cutters and a non-stick screw thread, which glides smoothly into any cork. After use, the lever can be neatly folded away to allow for easy, compact storage.

Wipe clean with a damp cloth. Full usage instructions and a spare screw thread included.

Powerful lever design removes corks easily

## QuickSnap™ Plus

### Easy-release ice-cube tray with stackable lid

Design by Graeme Davies  
Design registered

Similar in style to a conventional ice tray, this innovative design has a unique switch mechanism, which holds the ice cubes securely in place until required. It also includes a flexible lid that enables you to stack additional trays on top of one another in the freezer drawer, helping to prevent water spills and the ice cubes from tainting with any freezer odours.

Fill QuickSnap™ Plus with water just like a conventional ice tray. When ice is needed, simply twist the tray to loosen the cubes and then push each switch on the reverse, in the direction of the arrow, to release one ice cube at a time - effectively snapping each out of its individual compartment.

With QuickSnap™ Plus you only release the amount of ice cubes you really need, whilst the rest remain securely in the tray and can be placed back in the freezer. Perfect for serving ice straight into drinks, without touching the cubes. Dishwasher safe.

Push switch to release one cube at a time

## Scoop&Pick™

### 2-piece jar spoon and fork set

Design by Morph  
Design registered

Serve up mess-free antipasti and olives with this handy utensil. The diminutive design is actually two tools in one. Firstly the long-handled slotted spoon ensures that you can scoop and drain from even the deepest jars. Secondly the integrated fork is perfect for skewering difficult to serve foods such as pickles or sun-dried tomatoes. Both tools clip neatly together when not in use to ensure easy storage.

Dishwasher safe.

## Nest™ Lock Compact storage containers

Design by Morph  
Design registered

The problem with most storage containers is that they take up precious cupboard space when not in use and usually require the lids and bases to be stored separately - which makes finding and pairing both elements a hassle. With the unique design of Nest™ Lock, container bases nest neatly inside each other and lids clip conveniently together for efficient, space-saving storage. As each element is colour-coded too, it's very easy to match lids with bases when

you need them. All products in the Nest™ Lock range work together so you can build your own collection to suit your needs, whether it be for fridge/freezer storage, batch cooking or family lunch boxes. All containers feature lockable, airtight and 100% leakproof lids.

Bases and lids - Freezer, microwave and dishwasher safe (top rack only). BPA-free.

Compact space-saving design

Easy-find snap-together lids

Perfect for everyday use

## Nest™ Glass Storage Compact storage container set

Design by Morph  
Design registered

Nest™ is the ultimate collection of practical, space-saving kitchenware comprising a unique range of food preparation and storage sets. Their innovative design allows the individual elements within each set to

be stacked together, thereby occupying the absolute minimum amount of space, when they're stored.

All the containers in this set are made from tough borosilicate glass, which means they're freezer, oven, microwave and dishwasher safe. The container sizes range from a handy ½ cup (130 ml) size, that's perfect for small portions of vegetables or sauces, right up to an extra-large 10½ cup (2.5 litre) container that's ideal for

preparing and storing family-sized meals. Each coloured lid snaps tightly onto its corresponding container and features easy-pull tabs for opening. Best of all, when storing, the lids can be snapped neatly together, which means they're very easy to find when you need them.

Lids - top-rack dishwasher safe.

## Dot Water bottle with counting lid

Design registered

It's a well-known fact that drinking water and staying hydrated is an important part of enjoying a healthier lifestyle. Many of us acknowledge that we should be drinking more water and this innovative bottle helps you do just that, by tracking how much water you actually drink.

The design features a clever lid that automatically counts every time you tighten it after refilling, showing you the number of bottles drunk with a simple column of dots. Each time you close the lid, a new dot will appear in the display window, allowing you to track up to 4 bottles per day.

By setting yourself a goal to drink a certain number of bottles, Dot provides a simple reminder of what you've achieved and gentle encouragement to reach your goal.

Perfect for use around the home, gym or office, Dot is a smart but simple way of improving hydration. Made from impact-resistant Tritan™, it has a leak-proof cap and is BPA free.

Bottle - dishwasher safe.

Lid - hand wash only.

## CleanTech™ Washing-up brush and scrubber sets

Design registered

Conventional brushes, sponges and scrubbers can wear quickly and hold onto water and dirt, making them a breeding ground for bacteria and odours. This innovative brush and scrubber, however, feature advanced polymer bristles that drain and dry quickly, are durable and flexible for effective cleaning and rinse clean after use. The scrubber features fine bristles on one side for gentle cleaning tasks and coarse

bristles on the other for tougher deposits. The brush head is removable and can be replaced if required. Both are safe to use with non-stick cookware and, being made from 100% recyclable materials, can be just as useful at the end of their life.

## Edge™

### Washing-up brushes with integrated sink rests

Design by DonaldWentworth  
Design registered

These distinctive brushes make full use of space around the sink by conveniently storing inside it! The design incorporates a non-slip resting point that enables each brush to be stored on the inside edge of the sink, thereby saving space and allowing excess water and soap suds to drain neatly away. The dish brush has a non-scratch brush head which is curved to help clean in the corners of trays and an integrated pan scraper for tough food deposits.

Dishwasher safe.

## Palm Scrub™

### Soap dispensing washing-up brush with storage stand

Design by DonaldWentworth  
Design registered

Streamline your sink with this neat, compact design. This sturdy palm-held washing-up brush features an easy-fill washing-up liquid reservoir that dispenses the required amount of soap with a simple push of the top button. Its compact size makes it easy to control and ideal for cleaning pots, pans and dishes. The brush has its own convenient storage stand that allows it to drip dry hygienically and the whole thing dismantles for easy cleaning.

Wash by hand.

## BladeBrush™ Knife and cutlery cleaning brush

Design registered

Cleaning sharp knives and cutlery can be a hazardous task, but with this innovative washing-up brush it's much safer. The unique wrap-around design allows you to clean both sides of a utensil at once, whilst keeping your fingers away from any sharp edges. Its tough bristles quickly remove food debris and the textured grip helps prevent your hand slipping. After use the brush can either be stood on a draining board or placed on the side of a bowl to dry.

Wash by hand.

## Extend™ Expandable dishrack with draining plug

Design by Studio17  
Design registered

This versatile dishrack allows you to quickly and easily expand your draining space. When required it can be extended to almost twice its size to accommodate the washing up after either single- or family-sized meals.

An integrated spout helps to drain away any excess water, but this can be rotated away and closed trapping water inside for draining later. This means that Extend™ can also be used to create draining space almost anywhere. With plated steel prongs and non-scratch tips that make it suitable for all types of glassware and crockery, this versatile drainer can be extended to create additional draining space that's perfect for cups and bowls.

A moveable cutlery drainer allows for flexible use and non-slip feet to ensure that, wherever it's used, the unit will be secure and stable. The steel rack can be removed for easy cleaning.

Wash and dry by hand.

## Extend™ Steel

### Expandable dish rack with draining spout

Design by Studio17 Design  
Design registered

This smart dish rack features a 2-part sliding tray that allows you to easily adjust the size of your draining space when you need more room. Its coated steel prongs have non-scratch tips and can hold a variety of washing up, whilst ribs on the base help channel excess water away and prevent any from being trapped inside upturned cups or glasses. The movable cutlery drainer features slots for sharp knives and a sturdy rail at the back helps support chopping boards or larger items. Finally the spout in the base allows water to drain directly into the sink and can be set in three different positions, depending on your sink space.

## Y-Rack™ 2-tier self-draining dish rack

Design by Studio17 Design  
Design registered

With draining space at a premium in most kitchens, Y-Rack maximises what's available by utilising the vertical area above your drainer. Its 2-tier design combines a sturdy base for draining pots and pans or cups and bowls, with a traditional-style rack above for draining up to 15 plates. The large self-draining utensil pot that clips onto the side means you can drain everything for 4 full place settings in a very small space. The base features sloping ribs to allow

water to drain freely, a fixed draining spout for emptying into the sink and non-slip feet. The whole unit dismantles for easy cleaning.

Hand wash only.  
Assembly instructions included.

## Connect™ Adjustable 3-piece dishrack

Design by Studio17 Design  
Design registered

Made up of three movable components, this highly adaptable drainer can be placed in a number of different ways to make the most of the sink space you have. With widely-spaced spikes that allow for all types of washed items to be dried and an integrated spout that drains excess water, it's perfect for washing up after single or even family-sized meals.

The cutlery holder can be placed anywhere on the rack for maximum convenience, and the non-slip rubber feet will ensure that no matter how you set Connect™ up, it will stay in place.

## Flip-up™ Adjustable draining board

Design by Studio17 Design  
Design registered

This clever draining board includes a handy pop-up plate rack allowing it to drain up to 6 dinner plates as well as a variety of cups, glasses and bowls. After use, the rack can be folded neatly away for compact storage. The thoughtful design also features a ribbed surface to prevent water being trapped in the mouths of containers, a sloping base that channels water away and an integrated spout for draining directly into the sink. Non-slip feet on the base keep the unit in place during use.

Wash and dry by hand.

## Wash&Drain™ Dishwashing bowl with straining plug

Design by Morph  
Design registered

This basic piece of kitchen equipment is given a stylish and practical update with this smart, thoughtful design. It has an integrated plug which means water can be quickly drained away, eliminating the problem of lifting and emptying a heavy bowl. The plug can also be set to strain the water for food particles, allowing them to be easily disposed of and helping to prevent sink blockages.

Its steep sides help keep water and soapsuds safely inside and large carry handles mean it can be easily carried, if required. Perfect for use in the sink or for washing dishes anywhere.

Hand wash only.

## Wash&Drain™ Store

### Dishwashing bowl with plug and storage bay

Design by Morph  
Design registered

With space around the sink often limited, this practical dishwashing bowl conveniently includes a separate storage bay with room for brushes, sponges and soap liquid bottles. An integrated plug allows you to empty the bowl without lifting and this can also be set to strain

the water, thereby capturing any large food particles that can cause sink blockages. The steep sides help keep water and suds inside and, should you need to carry the bowl, two large handles make this nice and easy.

Wash and dry by hand.

**(85135)** USA only

**Surface™ Stainless-steel soap pump and bar set**

This stylish soap pump provides comprehensive hand cleaning and odour removal in one neat design. Firstly, it operates just like a conventional soap pump, dispensing liquid soap by pushing down on the large pump head. However, the stainless-steel top of the pump head is actually a removable soap bar, which can be lifted out and used to help remove strong odours from fingers, often left behind after handling foods such as onion and garlic. The design is easy to fill and also features a drip-catching base and non-slip feet.

Wash and dry by hand.

**Dimensions** W10.6 x H14.5 x D7.9 cm  
(W4¼ x H5¾ x D3 inches)

## Flume™ Folding draining mat

Design by Studio17 Design  
Design registered

These handy mats provide a soft rubber surface for draining a variety of items and are perfect for creating extra draining space when required. The distinctive parallel ribs prevent water from being trapped in the upturned mouths of cups, glasses and bowls and help direct water to the central channel, from where it can be easily drained. By simply picking up the corners either side of the central channel, Flume™ will naturally fold allowing water to be gently poured away. Updated for Spring, this new design is easier to clean, provides a flatter surface for draining glassware and now comes in a new larger size for even more draining space.

Hand wash only.

## Dock™ Cutlery drainer and organiser

Design by DonaldWentworth  
Design registered

A cutlery drainer is an essential sink-side item, however they can sometimes be difficult to clean and don't always provide adequate separation for cutlery and sharp knives. Dock™, however, has been designed with both safety and hygiene in mind. The tiered compartments help you to easily separate different items and the dedicated knife slot keeps sharp blades safe and secure. Excess water collects in the draining saucer in the base which has an integrated pouring spout making it convenient to empty. The unit dismantles for easy cleaning.

Dishwasher safe.

## SinkBase™

### Sink tidy sets

Design registered

What better way to de-clutter your sink than with one of these sleek, multi-purpose units. Their clean, slimline design makes full use of the narrow space behind most sinks, without compromising on practical features. The 2-piece set consists of an easy-press soap pump, for hand soaps and lotions, alongside an integrated sink tidy with separate compartments for storing a brush and sponge. SinkBase™ Plus is a 3-piece set which also includes a squeezey detergent bottle that can be refilled with your favourite soap liquid. Both units dismantle for easy cleaning.

## DrawerStore™ Compact cutlery organiser

Design registered

Video

This revolutionary design is such a simple idea, it leaves you wondering why it hasn't been thought of sooner. By angling and layering each compartment on top of each other, it enables you to store a full cutlery set in less than half the space of a conventional cutlery tray. Items can be placed inside either head or handle first, but the design also

features handy icons for easy identification. Non-slip feet on the base stop the unit from sliding around in your drawer.

Wash and dry by hand. Suitable for drawers with a minimum height of 8 cm (3¼ inches).

## DrawerStore™ Expandable cutlery tray

Design by Studio17 Design  
Design registered

Organise messy cutlery drawers with this practical and smart storage solution. The two halves of the tray can be finely adjusted to fit a variety of drawer sizes and lock securely together once in place.

The design provides four deep-sided compartments for holding cutlery, a utensil area for knives or larger kitchen tools and a handy, moveable storage dish for small, loose items. Fits a wide range of drawer sizes from 29 cm (11.4") up to 48 cm (18.9").

Hand wash only.

Storage for knives, gadgets and utensils

**CounterStore™**  
Kitchen worktop organiser  
with non-slip chopping board

Design by Studio17 Design  
Design registered

If you have limited space in your kitchen, this compact worktop organiser allows you store knives, gadgets and utensils in one convenient place. It also comes with its own non-slip chopping board that stores neatly in a slot at the back. The design features separate compartments for each tool type and includes a knife store with non-scratch slots that grip blades safely and securely. The unit also has non-slip feet on the base.

Available in tough ABS with a PP chopping board and in stainless-steel with a wooden chopping board

Storage unit - wipe clean with a damp cloth;  
Chopping board (Plastic) - dishwasher safe.  
Chopping board (Wood) - wash by hand and wipe dry (do not soak). Knife store suitable for blades up to 8 inches (20 cm) long.

## Push&Tear™ Easy-tear kitchen roll holder

Design by Morph  
Design registered

This smart kitchen roll holder features a sprung top cap that can be pushed down to lock the roll for easy tearing. A raised edge on the base prevents the remaining roll from unravelling and a non-slip base keeps the unit securely in place during use. To replace the roll, simply twist off the top cap. Suitable for different roll sizes.

Wipe clean with a damp cloth.

Push&Tear™  
(85140)  
(85144) USA only

**Dimensions** H28 x W16 x D16 cm (H11 x W6¼ x D6¼ inches)

Push top to lock roll for easy tearing

Raised edge prevents unravelling

Twist-off cap for quick roll refill

Align perforations against upright tearing blade and pull firmly

Self-adjusting mechanism holds roll firmly in place

Easy-Tear™  
(85051) White/Green  
(85052) Dark grey/Grey

## Easy-Tear™ Kitchen roll holder with tearing blade

Design by Goodwin Hartshorn  
Design registered

This innovative product makes the task of tearing off paper towels much easier, particularly one handed. The design incorporates an upright tearing blade that provides a convenient edge against which to tear and its heavyweight, non-slip base provides added stability and excellent resistance when each sheet is pulled. Its self-adjusting mechanism fits a variety of kitchen roll sizes and ensures the roll is always held securely in place no matter how many sheets are left. The top of the tearing blade also provides a convenient carrying point, so the unit can be easily transported to wherever paper towels are required.

Wipe clean with a damp cloth.

**Dimensions**  
W17.5 x H17.5 x D3 cm (W7 x H7 x D10 inches)

# Waste & Recycling

# Waste & Recycling

## Totem Waste & Recycling Units

Design by PearsonLloyd  
Design registered

Totem is an award-winning design that combines all your waste and recycling in one compact unit. It features two compartments arranged vertically, which saves space and makes them very easy to fill and empty. Each compartment has a removable bucket that can be fitted with a single standard liner for general waste or two smaller bags, using the integrated bag hooks, for separating different types of recycling. Breather vents in the bucket sides make removing a full liner easier.

Totem also features a ventilated odour filter in the main lid that helps reduce moisture and odour build up from waste. The design comes with a 3-litre (0.8 US Gallon) removable food waste caddy that can be stored in either compartment, or on the worktop. Stylish, practical and durable, Totem is available in two sizes - Totem Max (60 litres/15.8 US Gallons) and Totem Compact (40 litres/10.5 US Gallons). Custom-fit liners for the main compartments and compostable liners

for the food waste caddy are available separately, as are replaceable odour filters. Stainless-steel versions feature a fingerprint-proof coating, whilst other models feature an easy-clean powder-coated steel finish.

Choose the right custom-fit liner: Totem Max (60L) - IW2 and IW6; Totem Compact (40L) - IW2 and IW7.

10-year guarantee. External surfaces: Wipe clean with a damp cloth and then dry with a soft, dry cloth.

# Totem Pop Waste & Recycling Units

Design by PearsonLloyd  
Design registered

Totem Pop combines all your waste and recycling in one compact unit and features two compartments arranged vertically, which saves space and makes them very easy to fill and empty. The top compartment has a removable bucket with breather vents in the sides that make removing a full liner easier. The bottom compartment can be pulled out completely and features a removable rim that hides any untidy liner overhang. Both compartments can be fitted with a single liner for general waste but also feature integrated bag hooks allowing you to divide the space with two smaller bags for separating different types of recycling. Totem also features a ventilated odour filter in the lid that helps reduce moisture and odour build-up from waste. Stylish, practical and durable, Totem Pop is available in two sizes - 60L and 40L. Custom-fit liners for the top compartment are available separately, as are replaceable odour filters. Choose the right custom-fit liner: Totem Pop (60L) - IW6; Totem Pop (40L) - IW7.

10-year guarantee. External surfaces: Wipe clean with a damp cloth and then dry with a soft, dry cloth.

## Titan Trash Compactors

Design registered

Titan is no ordinary waste unit. It features a patented, hygienic compaction system that enables it to hold up to 3 times more waste than a similar-sized domestic unit. Because Titan compacts your waste, it doesn't need to be emptied as often, which in turn reduces the amount of liners you use and also the amount of full liners that you have to deal with between collections.

Titan is built to last. Its compaction system and foot pedal have been tested over 100,000 times and are engineered to withstand repeated downward force. It's hygienic and mess-free too. The unique design ensures only the inside of the plastic liner touches the trash whilst compacting, leaving you with clean hands and a clean bin. It also features a replaceable odour filter for any unpleasant smells and a fingerprint-proof stainless-steel coating.

With Titan you can compact with confidence. It has an anti-tear design that won't stretch or pinch the liner and it has its own extra-strong, custom-fit liners for added peace of mind. It's also compatible with standard plastic liners.

A handy lid-stay feature ensures liner changes are quick and hassle-free, and it also includes a handle on the reverse to make moving easy.

Available in a range of sizes and finishes. 10-year guarantee.

## Stack 4

### Food waste caddy with odour filter

Design by PearsonLloyd  
Design registered

This clever caddy has been carefully designed to help reduce the smell from collected food waste. It has a unique, ventilated design that allows air to enter and circulate inside the caddy, which helps to reduce moisture - the main cause of unpleasant odours from decomposing food.

In addition, it features a replaceable odour filter in the lid that works in tandem with the fresh air to help trap any smells that do occur. It has an easy-clean polypropylene body, a flip-top lid and a sturdy stainless-steel carry handle. A liner-retaining hole inside ensures any liners stay in place and the rim of the removable lid hides any untidy bag overhang. Perfect for storing on a kitchen worktop. Custom-fit, compostable liners (IW2) are available separately for the perfect fit.

Total capacity: 4L (1 US Gallon).  
Wash by hand with hot, soapy water.

## Compo™ 4

### Easy-fill food waste caddy

Design registered

This slimline food waste caddy has been specifically designed to make collecting food scraps easier. It features a convenient flip-up lid and an extra-wide aperture, ideal for capturing food waste scraped directly from plates. An adjustable air vent in the lid can be opened to allow moisture to escape - thereby reducing odour build up - or closed to provide a barrier to insects in hotter climates. The slender design is perfect for storing on the worktop or inside a cupboard and it comes with its own bracket for mounting on a cupboard door. Suitable for use with Joseph Joseph IW2 custom-fit liners.

Wash and dry by hand.

# Bathroom

# Bathroom

## Small space. Big challenge

Bathrooms can easily become messy, disorganised environments and there's no shortage of products available to help.

But do any of these items really address the problems or merely add to it? For example, many toothbrush holders can be impractical, cumbersome or difficult to clean. Sometimes they can be all three.

At Joseph Joseph we don't just design products for the sake of it. Everything we create has to have a real, practical purpose that makes something easier, quicker or more enjoyable. For us, if it's not brilliantly useful, it's useless.

Our research in the bathroom category showed us quite quickly that the most common problem areas were:

- Storage & organisation
- Cleaning & hygiene
- Waste & recycling

With this in mind we set about creating a range of products that would provide some truly innovative solutions to these challenges.

### TOOTHBRUSH HOLDERS

Impractical; hard to clean

### SOAP DISPENSERS

Space inefficient; messy

**SOAP DISHES**

Space inefficient; messy; hard to clean

**TOILET BRUSHES**

Clog with dirt; drip on the floor; ineffective

**WASTE BINS**

Not designed for recycling; unsightly

## Flex™ Toilet brush

Design registered

Conventional toilet brushes hold dirt and liquid, making them messy and unhygienic to use and clean. Also their bristles can distort and wear, meaning they need to be replaced regularly. Flex™ is a revolutionary toilet brush designed to solve all these problems. It features a flexible, D-shaped head that reaches all areas, even under the rim. It has widely spaced bristles that prevent dirt clogging, allow liquid to drain quickly and are more durable than conventional-style bristles.

Flex™ is available in three versions. The first comes with a slimline holder for neat, hygienic storage; the second - Flex™ Plus - features a holder with a discrete, storage caddy, for keeping cleaning products or aerosols out of sight. The third - Flex™ Store - features an extra-large caddy, which can hold up to three spare toilet rolls or a large cleaning bottle

Brush and holder - clean with bleach or hot soapy water.

Conventional Toilet brush

-  Hard to reach all areas
-  Drips between cleaning and storing
-  Clogs easily and hard to clean
-  Bristles distort over time

Flex™ Toilet brush

-  Unique flexible design reaches all areas, even under the rim
-  Anti-drip: less dripping between cleaning and storing
-  Anti-clog: wide bristle spacing ensures dirt rinses off easily
-  Durable bristles

## Wall-mounted toilet brush

Design registered

Flex™ is a revolutionary toilet brush that features a flexible, D-shaped head and widely spaced bristles that allow liquid to drain quickly, preventing water from dripping on the floor and dirt from clogging. As well as being more hygienic, the specially designed bristles are also more durable than those on conventional toilet brushes. This version of Flex™ comes with a smart wall-mounted holder, which saves valuable floor space and makes cleaning easier. Installation instructions, screws and fixings included.

Brush and holder - clean with bleach or hot soapy water.

## Wall-mounted toilet roll holder

Design registered

As well as holding a toilet roll, this smart wall-mounted holder has several additional features. For a start, it has a handy storage shelf for placing small items on, such as a mobile phone, book or small toiletry items. It also includes a small drawer that's perfect for discretely storing sanitary items. Lastly, it has a friction-grip roll holder that helps prevent the roll from unravelling too quickly and a stainless-steel trim with a fingerprint-resistant coating. It mounts easily to the wall and comes with its own bracket and screws. Installation instructions, screws and fixings included.

Wipe clean with a damp cloth.  
Maximum shelf load 1 kg.

## EasyStore™ Toilet paper stands

Design registered

These freestanding toilet paper holders feature a clever dual-purpose storage shelf. The stainless-steel top provides a convenient surface for placing small items, such as a mobile phone or book, whilst the curved base conceals a secret storage compartment that's perfect for keeping sanitary items conveniently within reach, but discretely out of sight. A silicone strip on the main roll holder provides resistance when tearing and prevents the paper from unravelling too quickly. A weighted base ensures good stability and a fingerprint-proof coating on the stainless-steel shelf helps keep this free from marks.

The design comes in two versions; the first provides space for storing up to 4 toilet rolls and the second features a Flex™ Steel toilet brush, which stores neatly in the base.

Wipe clean with a damp cloth. Assembly instructions and allen key included.

## Split™ 6 Steel Recycler

Design registered

Many bathrooms and bedrooms have limited space, so having a separate bin just for recycling is rarely an option. Split™ 6 Steel provides the perfect solution as it's divided into two compartments, allowing you to separate recyclable and non-recyclable waste within one compact design. The unit features hands-free pedal opening, soft-close lids and a fingerprint-proof stainless-steel body. It also has removable buckets for easy emptying with liner-retaining holes that prevent the liner from slipping during use. The deep rim of the lid also helps to hide any messy liner overhang. Suitable for use with standard 3-litre liners.

Total capacity 6 litres (1.6 US Gallons).

Main body - Wipe clean with a damp cloth. Do not use abrasive cloths or strong chemical cleaners. Buckets - wash with hot, soapy water.

Compact space-saving design

Fits standard 3-litre liners

Liner retaining holes to keep plastic liners in place
