200 Years in the baking.

Mason Cash® originated in a pottery factory operating in the village of Church Gresley, at the heart of the English ceramic industry in 1800. The pottery became world renowned for producing kitchen items made from their distinct 'white and cane' glazed earthenware.

The pottery was run by a series of Master Potters of whom the most colourful was William 'Bossy' Mason. During the 1800s the pottery was named after him, and when Tom Cash acquired it in 1901, he renamed it Mason Cash & Co. Although Mason Cash® had produced mixing bowls during the 1800s, in 1901 they designed and manufactured the very first iconic Mason Cash® Mixing Bowl.

The bowl's design has endured the test of time and has become something of a design classic. In fact, the design has barely altered since then, which is why the brand is still renowned for its innovative, classic kitchenware today.

Mason

Great British Design Icon.

First developed in 1901, Mason Cash® Mixing Bowls are made from earthenware making them heavy enough to stand when mixing, yet light enough to hold comfortably in one arm.

The distinct patterned exterior and rim of the bowl is designed to help bakers grip and tip the bowl and has become synonymous with the brand and baking ever since. The wide, shallow shape also allows for kneading within the bowl if required.

The bowls are as relevant today as they were in 1901 and have endured the test of time to become something of a design classic.

ORIGINAL CANE

Mixing Bowls

The sizes of Mason Cash® Mixing Bowls were used historically to refer to how many can fit on a shelf in a kiln when manufacturing. There's a bowl size to suit any task. The Size 6 is designed for large batches of dough, whereas a Size 30 is designed for mixing sauces or storing ingredients. The Size 12 is a good all-rounder for bread, pastry, cookie or cake mixes.

KEY DESIGN FEATURES

A pudding must be sealed before steaming. The rim of the Mason Cash® Pudding Basin is shaped for this purpose.

The vented base of the pudding basin allows bubbles to escape from underneath the basin, preventing it from tipping over in a pan.

The classic shape of the basin allows easy release of the pudding after steaming, giving a pudding its distinct shape.

ORIGINAL CANE

DOG BOWLS

Size Guide

Inspired by a love and care for animals, Mason Cash® have pioneered the best products for pets. Our beloved dogs come in all shapes and sizes and so do our pet bowls! We have developed a handy size guide to pick out the perfect bowl for the various different sizes and breeds.

LARGE BREEDS

21kg and above

(German Shepherd, Labrador, Retriever, Rottweiler)

It's no surprise that larger breeds tend to put away a lot more food, our 20 - 25cm dog bowls are the perfect size for your larger breeds. They are durable, practical and difficult for your boisterous large pup to topple over.

MEDIUM BREEDS

11-20 kg

(English Springer Spaniel, Cocker Spaniel, Border Collie, Poodle)

Medium sized breeds are amongst the most popular dog breeds in the UK. Our 18cm pet bowls are a great size for your medium breeds and the contents will stay cool for longer, regardless of the weather.

SMALL BREEDS

5-11kg

(Beagle, Shih-Tzu, French Bulldog, Cavalier King Charles)

Small breeds are the perfect addition to the more modest homes and our 15cm pet bowls are a great size for their little mouths. Made from the highest quality stoneware, they are great for keeping your dog hydrated throughout the day.

EXTRA SMALL BREEDS

Less than 5kg

(Chihuahua, Maltese, Yorkshire Terrier, Miniature Dachshund, Puppies)

Extra small dog breeds don't tend to grow much from when they are born and so our 13cm pet bowls are just small enough to fit their tiny portions. This size is also great for newly weened puppies of any breed.

COLLECTION

Original Cane

The Mason Cash® Cane Food and Water Bowls are used by dogs all over the world. The wide variety of sizes means that there is a bowl to suit every size and breed. Made from heavy stoneware, the bowls are practical and durable making it difficult for the most playful dog to tip over. The non-tip bowl with angled sides is perfect for dogs with longer ears, allowing them to feed whilst preventing their ears from dipping into their food or water.

ENGLAND
MASON CASH

Helping to support animals

Mason Cash® are proud to support the Royal Society for the Prevention of Cruelty to Animals (RSPCA), and make an annual donation of £15,000 to help the charity with their mission to prevent cruelty, promote kindness and alleviate suffering of animals. To date Mason Cash® have raised £157,000 for the RSPCA.

Inspired by a love and care for animals, Mason Cash® have pioneered the best products for pets available, with an endorsement from the RSPCA.

More than one quarter of pets kept in the UK were bought or acquired from an animal welfare or rescue centre. In light of this startling statistic, we understand that pet owners in the UK possess a huge empathy and attachment not only for their animals, but also for those still suffering. This is at the heart of our motivation to help the RSPCA to make a difference.

By purchasing a Mason Cash® product, pet owners can trust that not only are they buying the best for their pet, but are also helping others across the country.

How the RSPCA helps animals every year.

RSPCA employs over 273 RSPCA Inspectors and 90 Animal Rescue Officers who investigate more than 185,957 incidents every year.

The charity has a network of 152 branches throughout England and Wales and an extensive international network too working with other animal welfare organisations.

At four hospitals and five clinics, the RSPCA treat pets in need of preventative medicine or welfare treatments.

Each year the RSPCA receives over 1,000,000 calls - in 2019, our centres took in over 50,000 animals and found new homes over 40,000 of them.

It successfully secured 1,425 convictions, protecting animals against those who break the law.

RSPCA is a charity registered in England and Wales and only exists because of public donations.
