## HISTORY & HERITAGE

---

Our story started back in 1896 when the innovative Price Brothers founded their earthenware manufacturing company in Crown Works, Burslem, specialising in tabletop accessories and teapots. The brothers quickly became renowned for their distinctive designs. Through their hard work and dedication the Price Brothers brand saw rapid success and in 1934 they moved to the Top Bridge Works in Longport, where they became known as Price Bros Ltd.

During their time at the Top Bridge Works, the brothers developed a strong working bond with Kensington Potteries, who specialised in novelty teapots. This bond grew so strong that the two companies

eventually merged in 1962 to become known as Price & Kensington®. Rich in heritage and passionate about tabletop accessories and teapots, the Price & Kensington® brand continues to flourish under family ownership. While teapots remain at the heart of the product range, we also offer a number of tabletop collections including coordinating storage and dinnerware to accommodate all tastes and styles.

We understand that for generations, the kitchen has been the heart of the home, which has been and remains the fundamental inspiration for our new developments.

# BROWN BETTY AN ENGLISH CLASSIC

---

The 'Brown Betty' teapot was created in Stoke on Trent; the heart of British potteries in the 1800's. Locally quarried red clay was used due to its affordability and durable qualities. The clay was also well known for retaining heat - perfect for teapots!

The round shape referred to as 'Betty' allows tea leaves to swirl freely around the pot, releasing the flavours and infusing the perfect brew. The glaze is 'Manganese Brown' which was developed by the Marquis of Rockingham. The shape and glaze colour were eventually combined to give our iconic teapot its name of 'Brown Betty'. This teapot has become an English classic and is very much used as an everyday item in modern day living.

Price & Kensington® teapots have continued to evolve since the Brown Betty days by developing a range of fashion-led colour palettes for modern day living. Ranging from soft neutral hues to vivid, bright tones whilst maintaining the historical shape and functionality of the 'Betty' teapot with a non-drip spout.

The two cup and six cup sizes can now be used with and without a fine mesh stainless steel filter which allows even the finest loose leaf tea to infuse perfectly.

Rockingham Teapot.

Non-drip  
spout  
for easy  
pouring.

For use with the  
Price & Kensington®  
stainless steel filter.

Can be used  
without the filter.

Handle  
designed for  
comfortable  
grip.

# There's always time for tea!

## How to brew tea

Warm the teapot  
with boiling water  
and then empty

Place the  
filter into the  
teapot

Add 1 tsp of  
loose leaf tea  
for every cup

Top with boiling  
water and  
secure the lid

Steep for 3-5 mins  
to allow the tea  
to infuse

Pour, sit  
back and  
enjoy!

## BRIGHT COLOURS

The iconic Brights Collection consists of a fun and vibrant range of two, six and ten cup teapots. Inspired by interior trend colours, our classic teapots are made from durable stoneware, suitable for both the dishwasher & microwave. Designed with a comfortable handle and non-drip spout, each teapot is finished with a high-gloss glaze available in an array of bright colours. Our two and six cup teapots can be used with or without the stainless steel filter (featured on page 16).
