## THE TYPHOON® STORY

At Typhoon®, we put the customer at the heart of everything we do to create coordinated ranges tailored to individual design tastes and lifestyles. Whether it be bold and glamorous, muted and minimalist or traditionally rustic, we have collections to suit all tastes.

Since 1991 we have been creating stylish collections to suit most kitchen environments using the latest trends in homewares. We create beautiful ranges that focus on fashion as well as form, so our consumers know they'll have great looking products that will last.

With a wide variety of customers from large retailers to smaller independents all across the globe, we have three warehouses covering North and South America, Asia and the Far East, Europe and the UK to ensure all products are delivered efficiently to our customer's satisfaction.

# WORLD FOODS

Typhoon® has a range of cookware including woks, chargrills, chopsticks and a bamboo steamer.

The Typhoon® Woks are available in two sizes and feature a two-layer, non-stick finish, for a long-lasting performance. The carbon steel body conducts heat quickly and evenly and is suitable for use on all cooker types.

Available in two different sizes, the Typhoon® Chargrill Pans have been crafted from strong and durable cast iron, providing excellent heat distribution and heat retention. The pans have been pre-seasoned for a natural non-stick finish and feature a ribbed design to conveniently drain excess fats and oils.

## COLOUR CHANGE

Watch the magic as you fill up a colour changing water bottle, bringing our special designs to life!

Made from high quality stainless steel, and featuring a leak-proof lid, the 800ml colour changing bottles will bring more fun to staying hydrated!

Our 550ml bottles have been designed for younger children and feature a leak-proof flip out straw. Easy to clean and carry, they have been sized to fit into a backpack or satchel for trips out or for school.

The coating on the bottles will change when temperatures hit above and below 18°C, so on hot days, will change colour when cold water is added and on colder days, they will change colour with just the heat of your hand.
