## BROWN BETTY AN ENGLISH CLASSIC

The 'Brown Betty' teapot was created in Stoke on Trent; the heart of British potteries in the 1800's. Locally quarried red clay was used due to its affordability and durable qualities. The clay was also well known for retaining heat - perfect for teapots!

The round shape referred to as 'Betty' allows tea leaves to swirl freely around the pot, releasing the flavours and infusing the perfect brew. The glaze is 'Manganese Brown' which was developed by the Marquis of Rockingham. The shape and glaze colour were eventually combined to give our iconic teapot its name of 'Brown Betty'. This teapot has become an English classic and is very much used as an everyday item in modern day living.

Price & Kensington® teapots have continued to evolve since the Brown Betty days by developing a range of fashion-led colour palettes for modern day living. Ranging from soft neutral hues to vivid, bright tones whilst maintaining the historical shape and functionality of the 'Betty' teapot with a non-drip spout.

The two cup and six cup sizes can now be used with and without a fine mesh stainless steel filter which allows even the finest loose leaf tea to infuse perfectly.

Non-drip  
spout  
for easy  
pouring.

For use with the  
Price & Kensington®  
stainless steel filter.

Can be used  
without the filter.

Handle  
designed for  
comfortable  
grip.

## BRIGHT COLOURS

The iconic Brights Collection consists of a fun and vibrant range of two, six, and ten-cup teapots. Inspired by interior trend colours, our classic teapots are made from durable stoneware, suitable for both the dishwasher and microwave. Designed with a comfortable handle and non-drip spout, each teapot is finished with a high-gloss glaze available in an array of bright shades. Our two and six-cup teapots can be used with or without the stainless steel filter (featured on page 14).
